LONG VIEW STUDENTS...

Are mindful and respectful of themselves and others. They are healthy in body and mind; prepared for life after high school; hold themselves accountable; have meaningful relationships with their community; and persevere through adversity.

ABOUT LONG VIEW

Long View High School is a small alternative Jeffco Public School. With four teachers serving no more than 60 students, it is the smallest comprehensive public school in the Denver metro area. The small size of our school is perhaps our greatest asset. We are a strong, tight-knit, supportive community that fosters respect and inclusivity. We offer individualized attention and supports for students who have not found success in traditional high schools. We offer a wide variety of learning opportunities to meet the needs of our diverse learners.

- Established in 1994
- 60 students (maximum enrollment)
- 4 dedicated teachers

AT LONG VIEW YOU'LL FIND

- A safe place to learn; bullying and harassment are not tolerated
- Fun hands-on opportunities for learning, including field trips relevant to classroom learning
- Traditional and non-traditional teaching styles
- Individual attention
- Opportunities to build relationships with teachers and other students
- A sense of community and belonging
- Training and practice in problem-solving and overall mental health and wellbeing, such as stress management, managing anxiety, fostering healthy relationships, and resolving conflicts

As a small, alternative school, we are unable to offer a wide range of electives or extra-curricular activities. However, students may have opportunities to participate in extra-curricular activities at their neighborhood high school. We do not offer accelerated credits.

APPLICATION PROCESS

- Must be 16 years old
